

\$256!

For What ??

For living in
America's Premier Retirement Community!

As a resident of Sun City Center, your annual dues pay for all of our remarkable athletic, craft, and fitness facilities. We have two pools for swimming and one for walking — a dance studio for teaching, learning and training in various dance forms, and a huge hall for our frequent dances and entertainment series.

If you haven't seen our computer labs, weaving club rooms or those for sewing, quilting, ceramics, pottery, stained glass, shell-crafting, woodcarving or woodworking, you should come to the Community Information Center. We'll show you any or all of those .. Did I mention our art studio or Bunka Art room? Gardens? Model Railroad or Amateur Radio? Performing Arts? Horseshoes? Pickle Ball?

All of these amenities are on three campuses, and meeting rooms for over 100 other clubs are covered by our annual dues of \$256. Even if you aren't fully retired yet, there is no better bargain anywhere.

Come in and chat — we'll also go over things we wish we'd been told *before* we moved here.
